⭕ Message from Yakushima

Request to Potential Visitors to Yakushima

The novel coronavirus (COVID-19) outbreaks have been increasing again throughout Japan. Kagoshima Prefecture including some of its surrounding islands has confirmed new cases of COVID-19.

If a similar situation were to occur on Yakushima, our regional medical care facilities would be overwhelmed making medical care difficult.

In order to prevent the spread of COVID-19, we would like for all potential visitors to cooperate with the following requests.

▸ Please take good care of yourself before your visit about two weeks. Avoid CLOSED-IN SPACES, CROWDED PLACES, and CLOSE-CONTACTS.

▸ If you don't feel well, please postpone or cancel your visit.

▸ Please make sure to wear masks, use hand sanitizers, and keep your distances from one another during your stay as well.

▸ The use of COVID-19 Contact-Confirming Application (COCOA) on your smartphone is recommended.

Anyone could get infected with COVID-19 at any time.
In order not to contract COVID-19 and infect other people, I would like for you to continue with the countermeasures against COVID-19.

Mayor of Yakushima Town,
Koji Araki
